## FELL INTO WELL.

### M. M. Freeman Sustains Painful Injuries in a Fall.

Mr. M. M. Freeman sustained painful injuries on last Saturday at his home, near town, by being precipitated into a well.

A well had just been dug on his place, near a barn, and had been covered up with boards. Mr. Freeman, in carrying fodder to the stock, came in too close contact with the hole, and it caved in, letting him fall to a depth of several feet. He was rendered unconscious and for several hours lay in the perilous position. Finally regaining consciousness he managed to climb out and made his way to the house. His family had missed him and went in search, not thinking of the probability of his falling into the well, and did not know of the accident until he returned to the house.

Mr. Freeman was badly bruised in several places about the body and was confined to his room for several days. It is considered a miracle that he was not instantly killed in the fall.

## Dislocated Her Shoulder.

Mrs. Anna Newman suffered severe injury at the home of Capt. J. H. Rowland, on Monday morning. She attempted to rise from a chair in which she was sitting and lost her balance, falling to the floor, and dislocating her shoulder. A physician was summoned and reset the injured member and the patient is doing as well as could be expected. Mrs. Newman is a sister-in-law of Captain Rowland's and has been making her home with him for several weeks.

## BUNNY TURNS THE TABLES

### Ed Gregory Has Rabbit That Makes All Dogs in Its Neighborhood Hide out.

A rabbit belonging to Mr. Ed Gregory has started a new order of things in its neighborhood and as a result the ca-

nine family thereabouts has been doing some tall running with bunny at their heels.

The rabbit, which was sent here by some friends in the Appalachian mountains, has an aversion to dogs in a manner most unusual. It is larger than the ordinary rabbit, and whenever a dog comes near it, bunny hops upon him and begins to give him a severe licking, inflicting painful bites on the object of its dislike. Usually the dog is so taken back at the turn of affairs that it makes a hasty retreat, and the small curs in the neighborhood have learned to take a sneak home through the back alley rather than risk a meeting with bunny.

### Local Sportsmen Preparing For An onslaught On The Bird Tribe Tomorrow

Tomorrow opens the hunting season for this year and local sportsmen throughout the country are making ready for the big slaughter of the bird family.

Hunters are anticipating a large time this season, as birds are unusually plentiful.

Some farms in the country have been posted against hunting, and the man with the gun should be careful not to intrude upon this forbidden ground, else he will find more trouble than birds.

Mr. and Mrs. A. R. Conner and daughter, Miss Madeline, of Corydon, Ind., are visiting Mr. J. T. Conner at Rome, Ind. Mr. A. R. Conner was here Saturday on business.

The merchants of Cloverport are doing an unusually large business at present. Farmers have been coming to town in large numbers in the past few days and are spending their money liberally with the business men of Cloverport.

No other class of people can be found who are more liberal with their money than the farmers and when they are prosperous money circulates freely, as has been evidenced in Cloverport in the last few days.

The merchants of this city have anticipated an unusually large trade this fall and have laid in a large supply of goods.

stable.

Habit is one of the world's controlling influences. More men are swayed by force of habit, unconsciously perhaps, than any other motive. The habit of doing certain things in a certain way grows from beginnings so small as to be scarcely noticeable until it forms a chain that can scarcely be broken. The habit of right or wrong doing becomes a master, and a more exacting master could not be found—Breckton Times.

His Answer.

Maud newly married: You look very melancholy, George. Are you sorry you married me? George: No, dear, of course not. I was only thinking of all the nice girls I can't marry. Maud: Oh, George, how horrid of you! I thought you cared for nobody but me? George: Neither do I. I wasn't thinking of myself, but of the disappointment for them.

Happiness.

Things are so arranged in this world that happiness as a profession must ever be a failure. It cannot be found by seeking it. It is a reflex action. It is incidental, a product which comes from doing noble things. It is impossible for a person to be really happy by making pleasure a profession—Success Magazine.

Some of Them Do.

The master had been giving a class of youngsters some ideas of adages and how to make them. Presently he said:

"Birds of a feather—do what?" "Lay eggs," piped a small boy before anybody else had a chance to speak.

The Leading Part.

A Parole Reformer.

The people of the Faroe Islands cling to their old customs and see little good in change, says the author of "The Faroes and Iceland," but now and then one of them becomes a conservative reformer. Such was an old man of Stroum who, in his youth, had learned cabinetmaking in Copenhagen, then had been a blacksmith in New South Wales and later a mariner in the Danish navy during the Mieswick-Holstein war. Having thus traveled far beyond the wildest dreams of his countrymen, he returned while still a comparatively young man to Stroum and invested his savings in a home. Conservative though he appeared to outsiders, to the Islanders he was a reckless innovator. He roofed his house with slate instead of with the traditional turf, but could find none to follow his example. They shook their heads in doubt. He argued vainly with them against the habit of throwing fish cleanings into the brook and getting drinking water lower down. The only advice they would accept from him—and that after long hesitation—was to boil their fish oil outdoors instead of in the living room. But when this terrible innovation heard from a visitor that women rode bicycles in England he was so astonished that he asserted confidently that the world could not last much longer.

Made Happy for Life.

Great happiness came into the home of S. C. Blair, school superintendent, at St. Albans, W. Va., when his little daughter was restored from the dreadful complaint he names. He says: "My little daughter had St. Vitus' Dance, which yielded to no treatment but grew steadily worse until as a last resort we tried Electric Bitters; and I rejoice to say, three bottles effected a complete cure." "Quick, sure cure for nervous complaints, general debility, female weaknesses, impoverished blood and malaria. Guaranteed by Sayers Drug Co. Price 50c."

## HUGHES IS VICTORIOUS

He Wins Over Hearst by a Safe Plurality.

### END OF A MEMORABLE CONTEST

Democratic Candidate Sweeps the Cities but is Out-voted by the Rural Vote — Results in Massachusetts, Pennsylvania, Indiana, Kentucky, Illinois and Elsewhere.

Washington, Nov. 7.—A survey of the state elections Tuesday shows that the old states maintain their usual position in the political column and that of the new state Arizona will be Republican and Oklahoma Democratic. Generally speaking there were no great surprises anywhere. In the south the Democratic success at congressional tickets have been elected by the usual majorities. In the west and east the states that were aligned two years ago in the Democratic and Republican columns show no material change, the Democrats making gains in some instances and the Republicans in others. The Republican control of congress by a good majority.

Michigan, Iowa, New Hampshire, North Dakota, Colorado, Minnesota, Indiana and Wisconsin have rolled up Republican pluralities, although there was some falling off from the usual vote in Iowa.

Nebraska shows big Republican gains. Ohio also shows Republican gains over the Patton vote of last year. The Republicans have a plurality of 15,000 in the state.

The Republicans carried Utah, Wyoming and Washington and seem to have lost Nevada, while both parties are claiming Colorado.

Montana seems to have been carried by the Republicans and Texas takes its usual place in the Democratic column.

In Rhode Island James H. Higgins (Dem.) elected governor.

Massachusetts has re-elected Curtis Osgood (Rep.) as governor. District Attorney John B. Moran of Boston, who was the candidate of the Democratic party, the Independence League and the Prohibitionists.

In Chicago it is estimated that the Independence League ticket polled 40,000, but there was a Republican plurality for the state office. The constitution of the new state of Oklahoma will be written by Democrats. The Indians voted the Democratic ticket almost solidly. Oklahoma also went strongly Democratic in choosing delegates to the constitutional convention.

Governor Hoch is re-elected in Kansas by a slightly reduced majority. The result in Missouri is in doubt at a late hour, the Democrats expecting to gain some of the congressional district votes lost in 1904.

Arizona has refused joint statehood with New Mexico and that the state constitution of Oklahoma will be written by Democrats.

Congressman Nicholas Longworth was re-elected in Cincinnati. Congressman J. W. Wadsworth, for many years chairman of the house committee on agriculture at Washington, was defeated in the Thirty-fourth New York district.

Congressman Babcock of Wisconsin, also formerly chairman of the Republican congressional committee, failed of election.

Representative Dabell of Pittsburgh, who stood for re-election after atracted national attention was assured of his election comparatively early in the evening.

Speaker Joseph G. Cannon of the Eighteenth Illinois district, was elected to congress for the seventeenth time, his majority remaining where it has been for years, at approximately 15,000. Mr. Cannon began his congressional service in the Forty-third congress and has been in congress continuously since with the exception of the Fifty-second congress.

Perhaps the widest general interest in the election centered in the remarkable fight for governor which was waged in New York state between Charles E. Hughes, the Republican candidate, who throughout the campaign has had the support of President Roosevelt, and William Randolph Hearst, who has been running as the regular Democratic and Independence League nominee. The latest returns available show that Mr. Hughes, while losing nearly all of the principal cities of the state, was successful by about 50,000 plurality. The rural districts brought about the Republican victory.

In New York city the Tammany independence league judiciary ticket was successful, with possibly one exception over the candidates named by non-partisan "judiciary nominators."

### KENTUCKY.

Louisville, Ky., Nov. 7.—Returns indicate that the Kentucky delegation to congress will be in the Third district, where the Republicans have apparently elected

D. James over the Democratic James M. Richardson. This with the two they already hold, gives eight Democratic and three Republican congressmen. The returns from the Democratic primary came in slowly and the vote in one-fourth of the 119 counties heard from indicate the nomination of James H. McCreary, the incumbent for United States senator over Governor J. C. W. Beckham by a majority of about 8000. For the governorship the race is very close, Samuel W. Hearst having only a narrow lead over N. B. Hays and it will probably take another day to determine the re-

sult. The probable make-up of the rest of the ticket is as follows: Lieutenant governor, South Trimble; attorney general, John K. Hendrick; a representative of the legislature, M. O. Winfrey; secretary of state, Hubert Vreeland; auditor, Henry M. Bosworth; treasurer, Ruby M. Laffoon; commissioner of agriculture, in doubt.

### PENNSYLVANIA.

Philadelphia, Nov. 7.—The most exciting campaign in Pennsylvania in 25 years ended in a triumph for Edwin S. Stuart (Rep.) for governor over Lewis E. Linn, Jr., Democrat, and Lincoln party candidate, by a plurality that the Republican leaders claim will reach 100,000. Aside from the contest for governor and other state officers, the chief interest centered in the late tie in Philadelphia for district attorney and in a few of the congressional districts. Members of the house of representatives and county officers were elected in every county and state senators were chosen in 25 of the 67 districts. Samuel P. Roman, (Rep.) was elected district attorney in Philadelphia by a vote which his friends claim will exceed 40,000, defeating D. Clarence Gibson, who had the support of the reform forces and the Democrats. The incoming legislature will be strongly Republican, although not so overwhelmingly for that party as two years ago.

### OKLAHOMA.

Guthrie, Okla., Nov. 7.—The constitution of the new state of Oklahoma will be written by Democrats. Vernon Whitlin, secretary of the Oklahoma Rep. league central committee, concedes the Democrats the three delegates, while Chairman Jesse Dunn of the Democratic committee, says there will be at least 78 Democratic delegates on the floor of the convention. Republican managers admit that Oklahoma proved a great disappointment to the Republican leaders were carried by the opposition. The Omaha nation elected two Democrats. The Indians as a general rule, voted the Democratic ticket.

### INDIANA.

Indianapolis, Ind., Nov. 7.—Republicans have elected their entire state ticket in Indiana by an estimated majority of between 40,000 and 50,000. The next legislature will be Republican. Republicans have elected six congressmen in the First, Sixth, Seventh, Ninth, Tenth and Thirteenth districts. The Democrats have elected two in the Third and Fourth districts. Republican State Chairman Goodrich claims the election of Fred Landis in the Eleventh. Democratic Chairman O'Brien claims the election of Morr in the Twelfth and Adair in the Eighth. Returns from the Second and Fifth districts are not sufficient to justify an accurate estimate as to the result.

### MINNESOTA.

St. Paul, Minn., Nov. 7.—Governor Johnson was re-elected governor of Minnesota over A. L. Cole (Rep.) by a majority of at least 30,000. Frank Day, chairman of the Democratic state central committee, claims Johnson's election by 10,000. This majority for a Democratic candidate is unprecedented in Minnesota. Four years ago Van Sant (Rep.) was elected governor by a majority of 50,000. When the complete returns are in it would not be surprising, judging from those already in, that Johnson's majority would be about 100,000. In the Twelfth and Thirteenth districts, the Democrats were defeated by a majority of 10,000.

### KANSAS.

Topeka, Kan., Nov. 8.—The re-election of Governor E. L. Hoch (Rep.) seems reasonably certain, although the Democratic committee still claims the state for Hearst by a plurality of 10,000.

According to figures received by the Republican committee 37 counties out of 105 give Hoch a plurality of 4150. The Democrats claim that their figures on the same counties give Hearst a plurality of nearly 5,000. The eight counties out are in the western part of the state. The Republican figures are partially confirmed by special press dispatches.

### COLORADO.

Denver, Col., Nov. 8.—Sufficient returns have been received to make certain the election of the entire Republican ticket and of 60 to 70 of the 100 members of the legislature. Insuring the election of a Republican to succeed United States Senator Patterson. On revised returns Republican plurality in Denver appears to be about 10,000 and in the state 15,000 to 20,000.

### MISSOURI.

St. Louis, Mo., Nov. 8.—Nearly complete returns from the state show the Democrats a plurality of 7400, electing all candidates on the state ticket and 12 out of the 16 congressmen. The Republicans elected congressmen in Kansas City and St. Louis, but lost all the districts in the state that were swept into the Republican ranks two years ago.

### RHODE ISLAND.

Providence, R. I., Nov. 8.—James H. Higgins (Dem.) for governor has a plurality of 1238 over Governor George H. Utter (Rep.) The Republicans elected the other three members of their ticket. The defeat of Governor Utter is attributed in part to his attacks on Brayton, the Republican leader. The legislature is Republican.

### WEST VIRGINIA.

Wheeling, W. Va., Nov. 7.—Partial returns show the probable success of all five of the Republican congressional nominees. The legislature will be Republican. The returns from the Democratic primary came in slowly and the vote in one-fourth of the 119 counties heard from indicate the nomination of James H. McCreary, the incumbent for United States senator over Governor J. C. W. Beckham by a majority of about 8000. For the governorship the race is very close, Samuel W. Hearst having only a narrow lead over N. B. Hays and it will probably take another day to determine the re-

## THE RESULT IN OHIO

Dick Claims Republican Ticket Won by Big Margin.

### RETURNS WERE SLOW COMING IN

Delegation in the Lower House of Congress Will Consist of 17 Republicans and Four Democrats—The Republican Ticket Won at Columbus.

Columbus, O., Nov. 8.—Considering that the state ticket this year was small, having only four offices to fill, the semi-official returns are somewhat tardily reported.

Based on reports received so far Chairman Dick reiterated his claim of a plurality of 15,000 for Carmel Thompson, Republican candidate for secretary of state, although the committee had received complete returns from only 29 out of the 88 counties when he made the statement.

Complete unofficial returns received from 50 counties and close estimates from the other 38 counties of Ohio give Carmel A. Thompson (Rep.) for secretary of state, a plurality of 46,788 over Samuel A. Hoskins (Dem.). The remainder of the Republican ticket was elected probably with a still larger margin.

The gain of three congressmen is the net profit of the Democrats in the general results in Ohio. They are T. Anshery in the Fifth district, M. D. Deaver in the Sixth, General I. R. Sherwood in the Ninth and W. A. Ashbrook in the Seventeenth. Sherwood ran as an Independent in the Ninth district, he is one of the old Democratic war horses of Ohio.

These three, with M. E. Tauxville in the Fourth, will give the Democrats four Ohio congressmen instead of only one, as at present. Chairman Dunbar of the Democratic state committee, does not dispute Chairman Dick's figures, but he is claiming the election of five out of the 21 congressmen in the state. The returns indicating a plurality of 48 for Sherwood, the Independent Democratic candidate in the Ninth district. Chairman Dick refuses to concede Sherwood's election, saying that with the result so small it will require the official canvass of the vote to determine it.

Early returns on which the Democrats claimed to have carried Cuyahoga and Hamilton counties, were received since. The Republicans made a clean sweep in Hamilton county and carried Cuyahoga county for the head of the state ticket by 375. The Democrats won on their county ticket in Cuyahoga, except Bushy for recorder, M. G. McGary, Democratic candidate for sheriff, having a majority of 6160 over his opponent.

Franklin county elected the Republican local ticket by majorities all the way from 2,000 to 4100. The Twelfth congressional district, which consists of Franklin county alone, re-elected Congressman E. L. Taylor by 6350 over Col. W. A. Taylor (Dem.), the well-known newspaper man.

Returns so far give no accurate idea of the comparative strength of the minor parties.

Nicholas Longworth was re-elected to congress by over 7000 plurality in the First congressional district. Herman Goebel, against whom a particularly bitter contest was made, was re-elected by 1500 to 2000.

Based on the latest returns the following were elected to congress from Ohio:

1. Nicholas Longworth, R.
2. Henry P. Goodrich, R.
3. John Eugene Harding, R.
4. William E. Tonville, D.
5. Timothy T. Anshery, D.
6. M. D. Deaver, D.
7. J. Warren Keller, R.
8. Ralph D. Cole, R.
9. Isaac R. Sherwood, D.
10. Henry T. Bannon, R.
11. Albert Douglas, R.
12. Edward L. Taylor, R.
13. Grant E. Mowser, R. (Indobut.)
14. Jay P. Lanning, R.
15. Bennet G. Dawes, R.

### Kinkade Lost Out.

Toledo, O., Nov. 8.—Judge Kinkade, who tried and sentenced the late John D. Harkness, the independent candidate for circuit judge, running on an anti-trust platform, received a plurality of almost 7000 in Toledo, but was knocked under by the heavy party vote for the Republican candidate in the other counties in the judicial circuit.

### Ex-Gov. Campbell's Defeat.

Durton, O., Nov. 8.—Revised figures show the election of Eugene Harding in the Third congressional district by a plurality of about 2000 over James E. Campbell, the Democratic nominee. Harding carried the Soldiers' home by 1526, Campbell receiving 170 votes.

### Hamilton County.

Cincinnati, O., Nov. 7.—The vote on the Republican judicial ticket fell below that of the rest of the Republican ticket, but the indications a mid-night were that the Republican judges were elected with the rest of the county ticket by about 7500 votes.

### Sherwood's Plurality.

Tahoe, O., Nov. 8.—Unofficial returns of the Ninth congressional district give General L. R. Sherwood, Independent Democrat, a plurality of 70.

## Dancing.

Gracefulness is of course the highest object of the dance among all peoples, but their conceptions of what constitutes grace differ widely. According to a student of dancing, who has witnessed tens of thousands of dances in all parts of the world, who has penetrated to the interior of Africa and the desolate mountains of western China, there are three dances that, to his way of thinking, are so vital in beauty in grace and in the poetry of motion. These are the dances of the Javanese Mohammedans, especially the "Javanese dance," in which the younger women participate, the tarantella of Christian Italy and the butterfly dance of Japan. That dancing loses in poetry, in fire, in meaning as civilization increases is the belief of this student of the art. The modern dances of civilization of nations, especially as expanded on the stage, are not only meaningless and lacking in the beauty of the original dance, but actually degenerate and carry physical conditions that, while they may be rhythmic and graceful, are as insipid and as meaningless as the waltz of a duck—Chicago Tribune.

When the tip of a dog's nose is cold and moist, that dog is not sick. A feverish dry nose means sickness with a dog. And so with the human lips. Dry, cracked and colorless lips mean fever, chills, and are as well ill appearing. Apply at bedtime a coating of Dr. Shoop's Green Salve. It will soften and heal any skin ailment. ### Locomotive's Leap.

Rome, N. Y., Nov. 5.—A locomotive drawing a freight train on the Central railroad jumped the track here and plunged into a saloon. The engineer, Albert Brown of Little Falls, was caught in the wreckage and scalded to death. A brakeman, Robert B. Vandervoort of Albany, was crushed to death under the tender. The fireman, H. L. Grover of Syracuse, escaped through the cab window unhurt.

## Consumption

Salt pork is a famous old fashioned remedy for consumption. "Eat plenty of pork," was the advice to the consumptive 50 and 100 years ago.

Salt pork is good if a man can stomach it. The idea behind it is that fat is the food the consumptive needs most.

Scott's Emulsion is the modern method of feeding fat to the consumptive. Pork is too rough for sensitive stomachs. Scott's Emulsion is the most refined of fats, especially prepared for easy digestion.

Feeding him fat in this way, which is often the only way, is half the battle, but Scott's Emulsion does more than that. There is something about the combination of cod liver oil and hypophosphites in Scott's Emulsion that puts new life into the weak parts and has a special action on the diseased lungs.

A sample will be sent free upon request. Be sure that this picture is the form of a label is on the wrapper of every bottle of Scott's Emulsion you buy.

## Dyspepsia of Women

Caused by Female Disorders and Cured by Lydia E. Pinkham's Vegetable Compound

A great many women suffer with a form of indigestion or dyspepsia which does not seem to yield to ordinary treatment. While the symptoms seem to be similar to those of ordinary indigestion, yet the medicines universally prescribed do not seem to restore the patient's normal condition.

Mrs. M. Wright

Mrs. Pinkham claims that there is a kind of dyspepsia that is caused by a derangement of the female organism, and which, while it causes a disturbance similar to ordinary indigestion, cannot be relieved without a medicine which not only acts as a stomach tonic, but has a peculiar tonic effect on the female organism.

As proof of this theory we call attention to the case of Mrs. Maggie Wright, Brooklyn, N. Y., who was completely cured by Lydia E. Pinkham's Vegetable Compound after everything else had failed. She writes:

"For two years I suffered with dyspepsia which so deranged the entire system that I was unable to attend to my daily duties. I felt weak and nervous, and nothing that I ate tasted good, and it caused a disturbance in my stomach. I tried different dyspepsia cures, but nothing seemed to help me. I was advised to give Lydia E. Pinkham's Vegetable Compound a trial, and was happily surprised to find that it acted like a new tonic, and in a few days I began to eat and properly digest my food. My recovery was rapid, and in five weeks I was a well woman. I have recommended it to many suffering women."

No other medicine in the world has received such widespread and unequalled endorsement or has such a record of cures of female troubles, as has Lydia E. Pinkham's Vegetable Compound.

She's the "it." The Louisville clerkman who recently left the "vint colony" out of the marriage service gives as his reason that he does not wish women to start married life at a disadvantage. But it really matters little in practice. It has long been understood that, though a man and his wife are one, the wife is that one.—London Globe.

## OHIO MAN

Will Enter Roosevelt's Cabinet as Secretary of Interior. Washington, Nov. 3.—The president announced the appointment of the retired attorney general, William Henry Moody of Massachusetts, to be justice of the supreme court of the United States to succeed Justice Henry B. Brown, who retired some time ago. Moody has filled the office of attorney general since July 1, 1901. Previous to that time he served more than two years as secretary of the navy. He also represented his state four terms in congress. It is generally expected that Moody will retire from the department of justice the latter part of December.

Secretary Hitchcock of the interior department, will retire from the cabinet March 4, and James R. Garfield of Ohio, at present commissioner of corporations, will succeed him. Herbert Knox Smith, now assistant commissioner of corporations, will be appointed to Garfield's place.

## HERING AND STENSLAND

Both Are Doing Time at Joliet For Chicago Bank Failure.

Chicago, Nov. 6.—Henry W. Hering, cashier of the Milwaukee Avenue State bank, which he and the president, Paul O. Stensland, wrecked, went with Stensland to the penitentiary at Joliet to serve an indeterminate sentence, which may run from one to ten years. Hering made no defense against the accusations of Stensland on the witness stand.

At the conclusion of Stensland's testimony Hering was called to the bar of the court and, withdrawing his plea of not guilty, he entered a plea of guilty. Both men were then sentenced. They were taken to Joliet.

The new sentence given Stensland will not lengthen his term of imprisonment, as the new sentence is concurrent with the old one.

Standard Oil Field. Shreveport, La., Nov. 5.—The Standard Oil company bought 42 acres in the Cadiz City oil field, 20 miles north of Shreveport, and will begin operations at once in the development of the property. There is one flowing well on the property and to handle the product a complete pumping station, a pipe line and storage tanks will be erected. It is the intention of the Standard Oil company to ship the crude oil to its refinery at Beaumont on the Gulf. The field is fully developed, when a refinery will be erected in Shreveport.

## A Year of Blood

The year 1903 will long be remembered in the home of F. N. Tackett, of Alliance, Ky., as a year of blood; which flowed so copiously from Mr. Tackett's lungs that death seemed very near. He writes: "Severe bleeding from the lungs and a frightful cough had brought me to death's door, when I began taking Dr. King's New Discovery for Consumption, with the astonishing result that after taking four bottles I was completely restored and as time has proven permanently." Cured Guaranteed for Sore Lungs, Coughs and Colds. A Sore Throat Cured. Price 50c and \$1.00. Trial bottle free.

## Company Formed to Dig For Diamonds

In Carter County—Cattle Got Into a Railway Trestle and Held Up Trains. Frankfort, Ky., Nov. 5.—Carter county, Ky., is to have a diamond mine, or rather diamonds will be mined for in that county. The Kentucky Transval Diamond Mining company of that county has \$100,000 capital stock, filed articles of incorporation. One stockholder, J. S. Rice, is from Porto Rico, while others are from Pennsylvania and Kentucky. ## Will Resist Ouster.

Louisville, Ky., Nov. 3.—The state commissioner of insurance has not completed his decision on the investigation into the dismission of Colonel Blacoe Hindman, general agent for Kentucky of the Mutual Life Insurance company of New York, although he furnished President Peabody a synopsis of what will probably be his ruling. This tentative outline provided for reinstatement of the dismissioned general agent on penalty of revocation of the Kentucky license. If this ruling of the commissioner should be final the Mutual indicated that it will resist revocation of its license in the state courts.

## Mine Bosses Quarreled.

Barboursville, W. Va., Nov. 6.—At Stone Branch, 20 miles south of here, G. W. Wright and Andrew Childers, mine bosses, while intoxicated became quarrelsome at John Keller's saloon, and assaulted him with clubs and beat him into insensibility. Kelley died 20 minutes later. Wright and Childers secured money and escaped, but were captured and lodged in the Logan county jail. After their arrest by deputy sheriffs they were hidden on a train, and though 100 men surrounded the train they were not completely hidden by trunks that they escaped the committee that went through the cars.

## Suspect Succeeded.

Knoxville, Tenn., Nov. 5.—As a sequel to the case of Mrs. Wm. Garrett at Abingdon, Va., came the suicide at Abingdon of John Hawkins, 30, a near neighbor of the woman. His suicide followed his learning that he was under suspicion for the killing of Mrs. Garrett. Hawkins leaves a widow and three small children. His reputation has been excellent and he never before was under suspicion. Hawkins became connected with the case by the discovery of a letter which he wrote Mrs. Garrett and which is in the possession of the commonwealth attorney.

## Student Acquitted.

Lexington, Ky., Nov. 5.—Shelby Jett, a young state college student, charged with confederating, disorderly conduct, malicious shooting and carrying concealed weapons in the Halltown riot in which several policemen were knocked down and hurt, was acquitted by a jury in the police court of the concealed weapon charge. The grand jury is investigating charges against his companions in an effort to send them to the penitentiary.

## Kentucky Bridge Case.

Washington, Nov. 6.—The United States supreme court decided the case of the Covington and Cincinnati Bridge company vs. S. W. Hager, auditor for the state of Kentucky, in favor of the state. The suit involved the rate of taxation on the Kentucky end of the bridge. The company objected to the valuation placed upon its property. The decision was announced by Justice Day.
